A Message About **OUR FUTURE**

We understand that change can bring questions and sometimes uncertainty. That's why we want to reassure you every step of the way.

First and foremost, your membership and trust mean everything to us. The decision to pursue a merger with **HOME Federal Credit Union** was made with a considerable amount of time evaluating what will best serve our members not just today, but for years to come. With that in mind, this merger was part of a thoughtful, long-term plan to strengthen the credit union.

What Does This Mean to You?

Most importantly, your money remains safe and secure. Your accounts will continue to be protected by the National Credit Union Administration (NCUA), and you can expect the same commitment to service you've always relied on. There is no disruption to your membership at this time.

Why This Merger?

The goal is simple: to bring you more. By joining with HOME Federal Credit Union, we believe members will benefit from expanded products, enhanced services, and greater long-term stability, while continuing the people-first philosophy that defines credit unions.

We're Here for You!

We know you may have questions and we're here to answer them. Feel free to call or stop by. We have also included a Frequently Asked Questions page on our website to help with any questions or concerns.

Thank you for your continued trust and membership. We're proud to serve you and excited about what the future holds.
